

## *indian sandstone*

Suitable for both commercial and domestic applications, the natural beauty of Indian Sandstone, with its different textures and variations in colours, makes it a popular choice for exterior paving, swimming pool landscaping and feature wall stone cladding.

Rietmans supply a range of Indian Sandstone pavers that are suitable for both outdoor and indoor applications.

All Rietmans Indian Sandstone pavers and bullnose are calibrated so that they are +/- 2 mm in thickness.

The standard finish for Indian Sandstone is a natural split face with sawn edges and calibrated to thickness. Colour is Pure Mint which is light in colour but still has variation with banding lines.

Available stock sizes:

- 500 x 500 x 15mm Sandstone paver
- 800 x 400 x 15mm Sandstone paver
- Crazy random Sandstone paving
- 500 x 350 x 30mm bullnose pool coping and step treads

Custom sizes can be made if required

RIETMANS PAVERS

## *sierra sandstone*

Suitable for both commercial and domestic applications, the natural beauty of Sierra sandstone is its uniform honed finish and coloured banding throughout each paver.

Sierra sandstone pavers are non-slip, ideal for pool surrounds, exterior paving, and feature wall stone cladding.

Rietmans Sierra sandstone pavers are a natural quarried sandstone that can be cut to suit individual client's specifications and requirements.

Available stock sizes:

- 500 x 500 x 20mm paver
- 800 x 400 x 20mm paver
- 1000 x 500 x 20mm paver
- 500 x 350 x 30mm bullnose pool coping and step treads

Custom sizes can be made if required
